

# The FIRST Ultimate High Performance ACM Product in the Market!

## INDUSTRY'S THICKEST AND STRONGEST ACM!

Laminators Incorporated's NEW thicker Alupalite® and Pro-Lite™ ACM panels can span across longer, unsupported distances than traditional plywood and ACM products!

### Features & Benefits

- ✓ Only ACM available with thicknesses greater than 10mm
- ✓ Offers ultimate rigidity and maximum flatness
- ✓ Excellent strength to weight ratio
  - ✓ 56% greater\* flexural rigidity over plywood (\*25mm Alupalite only)
- ✓ Same attributes of Alupalite/Pro-Lite with structural performance of plywood
- ✓ Ideal for paints, digital inks (both UV or solvent cured) screen print inks, and pressure-sensitive vinyl
- ✓ Easily fabricated with CNC or standard carpentry tools
- ✓ Weather-resistant – no edge seal required
- ✓ “Class A” flame spread rating
- ✓ 10-year Colorfast limited warranty and 5-year limited warranty on lamination

**Excellent option for applications that require longer, unsupported spans, such as – tradeshow exhibits, POP displays, industrial packaging, shipping/storage containers, and so much more!**
